LABOR'S WAR TIES BERLIN UP SOLIDLY

BERLIN, March 15.—No world capital probably ever before experienced such a complete paralysis of all its living and commercial facilities as Berlin did today. The Hotel Adlon made heroic efforts to provide food for the American, British and French misanthropes and newspaper correspondents, but it gave up the task at 10 o'clock this morning when the last of the kitchen force walked out.

It was a common spectacle subsequently to see frock-coated diplomats returning to the hotel from morning expeditions carrying food-cuffs.

Guests of the hotel, warned that the water would be shut off at noon, filled bath tubs and washstands, but defective stoppers gradually let out the precious fluid and the guests thereafter had to rely on wines and sterile water.

The city this afternoon had the appearance of another Sunday holiday, crowds filling Unter Den Linden. At intervals troops with bands accompanied by artillery and machine guns paraded.

Ebert's Ministers Go Into Session

BY UNITED PRESS.
LEASSED WIRE TO TRIBUNE.
STUTTGART, Germany, March 15.—President Ebert's cabinet went into session here today. All ministers were present except Eugene Schiffer, minister of justice and vice-chancellor.

General Maercker, the Ebert representative, is en route to Stuttgart from Berlin with the compromise proposals of the revolutionists, it was said.

President Ebert Refuses to Negotiate With Revolutionists

(Continued from Page One.)

Yesterday, the agreement, it was asserted, provided that Ebert should continue as president, but would form a new cabinet of "experts," that new elections for the reichstag had been called and that a new president should be elected by the people instead of the reichstag.

Earlier Berlin dispatches said that a rapprochement would be likely.

Field Marshal Von Hindenburg named president if Ebert has agreed to a new election. Officials in the foreign office believe his election is assured if he becomes a candidate. They said they believed this was the reason Ebert has consistently opposed an election for president.

LONDON, March 15.—The national strike on the German railways was set to begin this morning, says a message to the Exchange Telegraph company from Berlin filed yesterday. The railwaymen's officials have declared themselves in solidarity with the workmen of the country.

The railwaymen's central committee, adds the message, is moving from place to place, fearing arrest by officials of the Kapp government.

Ludendorff Attends Kapp Cabinet Parley

LONDON, March 15.—The new government held a cabinet council last night, which was attended by General Ludendorff, former first quartermaster general of the German army, according to a despatch to the Exchange Telegraph from Berlin by way of Amsterdam.

A new government was formed at Munich, Bavaria, yesterday composed of Democrats and the Center party, according to a Copenhagen despatch to the Central News. The new government will meet today, the despatch says.

LONDON, March 15.—We have confirmation that a compromise has been reached between the rival German governments, the secretary to Premier Lord George announced today. He added that the confirmation does not come from Germany.

Von Kapp Demands Amnesty Assurances

BY UNITED PRESS.
LEASSED WIRE TO TRIBUNE.
PARIS, March 15.—A Berlin despatch says that the compromise terms proposed by Dictator Von Kapp demand amnesty for all persons concerned in the revolution. General Maercker, the despatch says, is en route to Stuttgart with the proposals.

KAPP'S ARMY IS HEAVILY REINFORCED

BERLIN, March 15 (By The Associated Press).—Heavy troop reinforcements were received today by the new government here. They marched into Berlin from nearby Prussians.

Wolfang Kapp, who was carried into office on the point of 8000 bayonets three days ago, thus far has been able to produce only military backing for his government, the basis of his political authority which he claims continues to be a matter of mystery.

He appears buoyant with optimism, however, born of the conviction that the insurrection which he heads will win the people.

Today he looked for a struggle with organized labor in a struggle for mastery. If the general strike, which is already paralyzing Berlin by reason of its unexpected ramifications, and which is spreading to the nation's vital industrial centers, should be maintained for only three days the view of many observers here is that it would be unreasonable to assume that Kapp will be able to establish his government firmly, despite his armed forces.

Charged Wires Fall in Storm; Women Injured

Hayward Girl Burned; Driver Hurt When Auto Crashes Into Tree on Road

A large poplar tree which fell across the car tracks near the Jones ranch on the Oakland-Hayward road just out of Hayward, carrying down with it the high-tension trolley wires, caused injury to two women, one of them barely escaping electrocution.

Miss Olga Jacobson, assistant postmistress at Hayward, while trying to get around the tree, came in contact with one of the wires. She was severely burned on the nose and below both eyes. Persons who rescued her said they saw a flash of blue flame and expected to find the girl burned to a crisp.

Miss Elaine Toft was driving her automobile toward Oakland when it struck the tree and was almost completely wrecked. Miss Toft was thrown through the windshield, suffering cuts about the face.

Although the tree was blown down Saturday night, the trolley wires were not removed until late Sunday.

Wood Claims All Minnesota; Johnson Second

ST. PAUL, March 15.—A statement issued at State headquarters of Major General Leonard Wood today claimed that Wood carried every county in the State at last night's Republican presidential preference primary, that Wood delegates would be in control at the State convention here Saturday, and that the delegation to the National convention would be instructed to support the Wood candidacy.

Minnesota's Republican preference primary, held in rain storms, street, sidewalks and howling winds gave Major General Leonard Wood a plurality of several thousand votes over Senator Hiram Johnson of California, on the face of available returns.

Herbert Hoover, not an avowed candidate, received such strong support in Twin Cities that returns from about 450 precincts showed declared that a final tabulation showed used to put Hoover's name on ballots in most counties.

Latest available totals show the following vote:

Wood, 12,825; Johnson, 3517; Hoover, 4486 and Lowden, 3510.

This total included a majority of precincts of St. Paul and Minneapolis.

Although General Wood was leading Senator Johnson in Minneapolis and St. Paul, Johnson supporters declared that a final tabulation would include a number of "labor vote precincts" which would reverse the result.

DISMAY, N. D., March 15.—

With a heavy snowstorm raging over North Dakota, indications this morning pointed to a light vote in this state's presidential preference primary, being held today.

Only one candidate for President, United States Senator Hiram Johnson of California, has entered, and interest centered in the selection of national committeemen and convention delegates.

NEW YORK, March 15.—The

"Hoover Republican Club" has been organized here to coordinate the various movements throughout the country to obtain the Republican presidential nomination for Hoover.

District caucuses will be held tomorrow night in Denver, Minneapolis and Boston as the first move in a national campaign.

S. A. Lindauer will be chairman of the district of Washington, Oregon, Nevada, Arizona and California.

Angus McSwain, eastern manager of Senator Hiram Johnson's campaign, has returned from Michigan, where he spent several days with Johnson. He was optimistic of the Senator's chances in the presidential primary in that state.

Joseph Scott, of Los Angeles has arrived here preparatory to making a tour of several weeks through the eastern states, speaking in behalf of Johnson.

LADS ADMIT THEY STOLE AUTOMOBILE

Further investigation of Santos Ortiz and Peter Nevers, 16-year-old Mexican boy automobile bandits captured in a running gun fight with the police on the lake front early yesterday morning in which Police Chauffeur W. J. Davis, Special Officer Cloyd and the two youths were injured, resulted in the discovery that both are wanted in Los Angeles for petty thievery.

That they had stolen the car from Frank Ortiz, a brother of the prisoner, and that Ortiz was arrested a year ago in Los Angeles for stealing four kodaks and twenty watches, were among the admissions made by the youths. Cortes and Dalcina Pappacostant who were arrested in the cottage at 877 Fifth street where Ortiz and Nevers lived, declared that they had paid the two boys \$10 each and had bought the gasoline for the trip in exchange for their passage here.

The charge of kidnapping Mrs. Pappacostant made by the police was proved untrue and the woman and her husband were released.

Ortiz is in the city jail and Nevers, having been shot when he pushed Officer Cloyd off the automobile after he had ordered him to go to the city hall for investigation. Ortiz is from 121 Centro and Nevers said he lives in Calapatria.

WOODCOCK'S ATTORNEYS ARE GRILLED

SAN FRANCISCO, March 14.—A legal battle revolving around the status of attorney and client started today before Judge Ward. Attorneys William Kehoe and Clifton H. Connick, counsel for Edgar Woodcock, who is wanted on a charge of perjury, cited authorities to show they were justified in refusing to give the grand jury information as to Woodcock's whereabouts.

Isadore Golden, assistant district attorney, upheld the prosecution's contention, that the lawyers should give all information they had.

Kehoe and Connick read sections from the penal code to show a communication given in confidence by a client could be kept inviolate by his attorney.

Contending that even though the attorney was willing to testify in such a situation he would not be permitted to do so by the statutes, Kehoe and Connick read statutes to show, among other things, that an attorney could not, without the client's consent, advise who paid him or who retained him.

Golden retorted with the assertion that the information desired by the grand jury could not be considered in the class of privileged communications.

Woodcock was tried and acquitted on a charge of murdering Edward Kelly, a newspaper employee. Subsequently the grand jury returned an indictment against both Woodcock and his wife, Mrs. Alice Harris Woodcock, charging that they had committed perjury during the Woodcock trial. Efforts to serve papers on Woodcock have been in vain.

CAMPAIGN TO PUT END TO THUGGISM INAUGURATED AT CONFERENCE OF CIVIC BODIES AND OFFICIALS

Capt. Petersen Says He Needs 100 New Police

(Continued from Page One.)

eph R. Knowland and Ben F. Shapiro. MORSE SAYS NO MONEY AVAILABLE

Commissioner Morse precipitated the opposition to the resolution in a statement in which he declared that the expense of the increase proposed should be considered in view of the fact that the taxpayers must provide the means of war.

During his statement he presented figures showing that the increase would mean, with the salary increases asked for by the present force and commensurate increases in the fire department, an additional yearly expense to the city of \$32,000.

Commissioner of Revenue and Finance W. H. Edwards followed the statement by declaring that the request was too much to expect of the council at this time, and suggested investigation of the situation by Commissioner Morse and Chief of Police Lynch.

A verbal clash followed between Commissioner Edwards and Mayor John L. Davis, when the former declared that the council should get together on such problems.

Mayor Davis replied with the statement that cooperation was impossible under the present lineup of the council with the allied votes of Commissioners Edwards, Morse and

One Armed Ship Worker Attacked Tortured and Beaten by Sluggers

How a one-armed man was set upon and tortured by the "entertainment committee" of sluggers who have directed scores of attacks against shipyard workers during the last three months, was set forth in an affidavit presented at last night's meeting by C. W. Anderson, 775 Tenth street, a labor signaller at the Moore Shipbuilding Company, who has been confined to his home for two weeks as the result of his experience. The sluggers bruised Anderson's crippled arm, burned his face with a cigarette, and struck him repeatedly. The affidavit follows:

"On Tuesday evening March 2, 1936, at about 7:30 p. m., while on my way to a cigar store on Seventh street, I was accosted by two men on the corner of Ninth and

Soderberg against himself and Commissioner Baccus.

DAVID CALLS FOR ROIL CALL "I'd like to get an expression on this resolution," said the mayor, "call the roll."

City Clerk Len Cummings stated that there was no official resolution before the council, whereupon Mayor Davis offered a resolution pledging the council to provide the 100 extra men asked.

Commissioner Edwards killed a vote on the resolution by presenting an undebatable motion to lay the measure on the table, and the motion was voted by himself, Commissioner Frederick Soderberg and Commissioner F. F. Morse, over the no votes of Mayor Davis and Commissioner Baccus.

Commissioner Edwards then presented a motion that was passed.

City United in Effort to Give Men Protection

Police J. F. Lynch and Commissioner of Public Health and Safety P. Morse, called from the organizations represented on the committee were present members of the Produce Merchants' Association, Union Ex-Servants' Men's Association and Taxpayers' Association.

Walter D. Cole, president of the Chamber of Commerce, presided. In introducing Commissioner F. P. Morse, Cole said: "Mr. Commissioner, the burden of proof seems to fall on your shoulders. How do you propose to correct it?"

Commissioner Morse, congratulated the meeting on the steps being taken and added:

"I am afraid that the facts have been exaggerated. We are not un-derstanding of the fact that Oakland is experiencing a strike involving great numbers of men. It has been necessary for the employers to advertise for men. As a result we have had men come from all over some of whose characters are not of the best. The condition as I see it is not so bad as it was a few weeks ago."

In the face of the affidavits Commissioner Morse declared that there had been but fifteen assaults in three months.

SAVES CAPT. PETERSEN A different view was taken by Captain Walter J. Petersen, who contradicted, flatly, the statements of his chief.

"Assaults are being made daily," said Petersen. "The group behind the sluggers is composed of a few individuals who are working for the one big union. Agitation and slugging will not cease in the city of Oakland until that gang of men is cleaned up."

"There is more or less disorder in the Oakland police department itself," said Petersen. "Oakland needs more men in its police department. Patrolmen should be paid more money. When a man takes off his uniform and goes to work in the shipyards or in other industries for more money than he receives as a policeman, it is difficult to avoid disorder in the department."

"Another thing, the police courts should stiffen up. We arrest the sluggers, the court tries them and, in the end, cases, light sentences are handed out or the cases dismissed entirely. This causes the slugging to become more bold."

SITUATION DEMANDS MORE POLICEMEN "If we had more men it would strengthen the police department and would eliminate disorder in the ranks."

The numerical shortage in policemen was placed by Chief Lynch at 160 less than a city of Oakland's size should have. No salary was paid 230 men on his force and that 187 were patrolmen.

Mayor John L. Davis caused a laugh when he introduced himself as a "member of the council minority."

"If the police department is placed in the hands of the mayor," he declared, "I'll promise to do something toward stopping this slugging. You'll never get anywhere with your police department so long as it is in the hands of a political gang. My hands are tied. If I see an overt act I can take no action; I must go to Morse."

Mayor Davis said that the city had plenty of funds with which to employ 100 more patrolmen.

SHERIFF BARNET PROMISES HELP That he is doing everything he can to prevent trouble in the yards, was the statement of Sheriff Frank Barnett.

"With 1200 deputy sheriffs in the county I have that many liabilities running around and must be very careful as to the limits of authority under which they may act," he said. "I am not as free as the chief of police. I am held responsible under bond, and if I were to deputize a number of men to work outside the shipyards I would be in hot water all the time."

When asked if E. B. Wolff, Jack Powers and Tony Quintel were deputy sheriffs, Barnett replied that Quintel was, but that if he remembered right the commission had been revoked. He added that if Wolff was a deputy it was without the knowledge of the sheriff and that he would make an investigation. Barnett was informed that the committee had information to show that Wolff as well as Powers and Quintel were all deputy sheriffs and that, so far as could be ascertained, they were wearing the badges.

Both Morse and Davis said at the meeting that they would favor, in council, the increase to the police department.

Many Memorials Are Yet to Be Called for Thirty-two copies of the memorial diplomas prepared by the French government for distribution among the nearest of kin of American soldiers who lost their lives during the war, are still uncalled for in the office of Mayor John L. Davis.

The following is a list of those entitled to the unclaimed memorials: Walsh, W. E. Whitney, N. B. Burker, H. E. White, R. C. Olds, W. H. Mann, R. L. Gardner, Simpson, G. Bolla, J. A. WASHINGTON, March 16.—If the Russian government makes the highest bid for 115 locomotives through the Bolshevik agent here, Ludwig Martens, the War Department will ask the State Department to pass on the proposed sale. Bids for the locomotives, ordered by the Russian government before the Bolshevik uprising, will close April 5. Eighty-seven have already been sold.

INDUSTRIAL LEAGUE

The Pacific Manufacturing Book Company today eliminated the Chevrolet factory six from the ranks of the 100 per centers by defeating them in one of the critical matches in the Industrial Association series last night. The scores were 10-15, 15-14, 15-8.

Twenty-four matches were played off at last night's tournament, which was held at the Auditorium under the auspices of the recreation department. The standing and results follow:

Couple Win Wager in Trip Across Country

Having completed their journey across the country by foot, street car and automobile, Mr. and Mrs. N. J. McKenna are at the St. Francis hotel in San Francisco, and will come to Oakland for an extended visit to Mrs. Jack London, widow of the late novelist. They started from New York Oct.

tober 1 and, according to a wager, were to arrive here March 15. They arrived on the day. They were to never have more than \$25 in their possession during the entire course of the trip. McKenna estimates that 40 per cent of the trip was made on foot, the rest by street car and by taking advantage of offers of rides of automobilists.

Most of the products of Hawaii are raised by irrigation.

Slaves of Pleasure Thirsting for New Sensations Beyond the Law, Beyond Virtue

Dazzling New York high life and night life burns the wings of a butterfly girl in "On With the Dance," now at the Kinema.

Broadway cabaretting at the height of its midnight revelries—burning the candle at both ends. A story of passions that rear onto tragedy—of a young Russian girl, pleasure and dance mad, who is whisked into New York society and has her fine feathers

dragged through the mire before she finds herself. At the Kinema this week only. Elsie Ferguson in "His House in Order," playing at the Franklin, fights the shadow of a "first wife" with a woman's primitive weapons.—Adv.

TWO CITIES WATER PLAN IS DEFEATED

RICHMOND, March 16.—The Richmond City Council last night officially killed the resolution calling for a joint election with the city of Berkeley on May 4, for the purpose of forming a public utility district to furnish water to the two cities. The motion killing the resolution, which came up for second reading at the meeting, was carried practically without discussion. The water proposition found no supporters among the councilmen at the meeting.

The councilmen had discussed the water project prior to the meeting and were ready to act immediately when it was presented in the order of business. The opinions expressed were that the Marin county project was only a temporary source of supply, and it would be to Richmond's advantage to wait for concerted action on the part of all the Eastbay cities in forming a water district. It was felt that a project carried out by one or two of the smaller municipalities would only be a duplication of a great amount of work and expense, and that such action would be unsatisfactory in the long run. Mayor James N. Long said that nothing was to be gained by an election in May, and that Richmond could take up such a proposition at any of the later elections this year if it was thought advisable. The report of the water commission covering the entire water situation of the bay region will be ready before May 15, and with this data at hand, more intelligent action can be taken, it was said.

Advertising Talk for the Oakland Lions

A St. Patrick's Day celebration and participation in the installation of the San Francisco Den are two events of the month planned by the Oakland Den of Lions. At the former, which is to be held tomorrow, Dave Perkins will speak on "Advertising in Relation to Salesmanship," and there will be a musical program in which George Warnock is featured as a singer of Irish songs. The San Francisco installation will take place on March 25 at the St. Francis Hotel. On March 24 Berkeley and Oakland Lions are to visit San Jose.

Extension Division Promised Co-operation

The California commission of immigration and housing has offered its cooperation to the extension division of the University of California in the work of the community service and Americanization institute, which begins for a five weeks' course at the auditorium of the Oakland Technical High school, Monday.

As a Broom attacks Corners, so should your Toothbrush Sweep Crevices

SOME people brush their teeth as they sweep a floor—leaving little piles of rubbish in the corners.

Particles of food left between the teeth eventually decay—trouble sets in and soon a good tooth is gone.

With your Colgate's Ribbon Dental Cream, sweep up and down—not across. Get between the teeth. Then, with a brushing of the tongue, gums and inside of the cheeks, your mouth will be clean and wholesome.

Use Colgate's twice a day and see your dentist twice a year—the safest safeguard against tooth troubles.

MISS MABEL S. DESCHANES, a popular and attractive young woman of Lewiston, Maine, is now an ardent champion of Tanlac, since she began using it a few weeks ago.

Miss Mabel S. Deschanes, a popular and attractive young woman residing at No. 7 Barlett street, Lewiston, Me., is now an ardent champion of Tanlac, since she began using the medicine a few weeks ago.

"I prize Tanlac above every other medicine, even that which was prescribed for me," said Miss Deschanes in relating her experience recently. "I dislike publicity, but there are so many others who, no doubt, suffer as I did. I feel that I ought to tell them about it."

"I had been a great sufferer from indigestion and had been under doctors' care for a month without relief. At the time I began taking Tanlac I was on a very rigid diet and at times could not retain food of any kind. Even the most delicate cause, extreme nausea. I suffered from loss of appetite, severe cramping pains after eating and extreme nervousness."

"Finally my condition got so bad I simply had to give up and go to bed until I got relief. I was unable to go down town to do my shopping and, although I had been under treatment for six months, there seemed to be no relief for me."

"Finally my sister persuaded me to try Tanlac. I improved from the very first, and in one month I was able to do my shopping without becoming sick. In the next month I was able to eat and I was not so nervous as I was."

"Tanic is simply wonderful, and I cannot praise it too highly."

Tanic is sold in San Francisco and Oakland by The Owl Drug Company Stores—Advertisement.

MEMORIAL VOTE PLAN UNDECIDED

Whether plans for a soldiers' memorial, which will be placed on the ballot in the presidential primaries in May, will be put forward as a single or divided proposition, has not been decided. City Attorney H. L. Hagan said this morning that there were advocates of both ways, but that it was the opinion of Mayor Davis that the voters should have the choice on a number of plans.

In the interests of putting the memorial before the voters the memorial recreation committee met last evening at Hotel Oakland. Mayor John L. Davis, Walter D. Cole, president of the Chamber of Commerce; Fred M. Hunter, superintendent of schools, and Lettyn Goodrich, chairman of the park committee, spoke on the lake memorial plan.

Sketches of the proposed building to house the Leslie Brown game collection and the various features for community service were shown. The memorial recreation committee would pay for itself within ten years was the assertion of Mayor Davis. He added that, in the event that the lake is filled with pure salt water, the government has promised the city twenty varieties of fish for its stocking. Walter D. Cole emphasized the fact that the memorial center as planned will build a lasting city around itself.

If the divided ballot is used, it is known that a number of other projects will be put forward for a park in the Rockridge district one for a waterfront center and there are several other park plans being discussed.

JANITOR? THERE'S NO SUCH ANIMAL; HE'S AN ENGINEER

The world is stepping right along, and as it goes it leaves behind it in the backwash many of our cherished old institutions, like the horse and buggy, the home-made pie and the washboard.

Next on the toboggan will be the janitor, according to an innovation now under consideration by the Board of Education, at the request of the Oakland School Janitors' association.

The homely old word "janitor" is to be swept into the dustpan of outgrown things, if the association has its way. There will be no more janitors. They will be "engineer custodians."

Formal request for the substitution of title has been laid before the school directors by the association and has been referred to the reorganization and efficiency committee for deliberation.

Yes, the world is stepping right along.

COLLIER TO OPEN COURSE

John Collier, who started community service in New York city, will arrive in Oakland at the end of the week to begin the university extension course in community service and Americanization, which commences on Monday at 8 p. m. in the Technical high school auditorium. The state commission of immigration and housing is co-operating with the university and the state board of education is presenting to Oakland and five weeks' institute on Americanization and citizenship.

DR. PEASE MAY RESIGN BOARD

Notice that he may be compelled to resign as a member of the school board after tendering his resignation as a member of the sub-committee of the board on the purchase of sites in the building campaign, because of the press of his duties as a director and chairman of the building program committee. The resignation was accepted by the board.

The resignation was laid before the board members after the adoption of a resolution sponsored by Director J. F. Chandler amending the by-laws under which the directorate operates so that in the future meetings of the board shall be called to order at 4 o'clock instead of one hour later.

The amendment was opposed by Dr. Pease, who declared that the hour would be too early for many working people who might have matters to bring before the board, and stated that his own private practice demanded his presence in his office.

The board agreed that all questions considered affecting the building and grounds committee, of which Dr. Pease is chairman, shall be held for his consideration on occasions when he cannot be present at the opening of meetings.

NO NAVAL MONEY FOR GOAT ISLAND

Intimation that the administration at Washington intends to abandon the Goat Island naval training station as soon as the new million-dollar plant is erected at San Diego is contained in the House Naval Affairs Committee appropriation for 1921. No provision is made for Los Angeles, Port Angeles, Wash.; San Francisco or the island of Guam.

The appropriation carries amounts aggregating \$3,250,000 for development and improvement of naval training stations on the Pacific Coast and at Pearl Harbor, Hawaii. Of this sum \$750,000 is set aside for a naval base for light draft ships at San Diego, and a million dollars for a station there which will accommodate 5000 sailors. Acceptance of land donated by San Diego and Astoria is included in the measure and an appropriation for \$30,000 as provided for Pearl Harbor. Astoria \$250,000 will be spent.

The failure to provide for Guam is in direct opposition to the recommendation of Secretary Daniels, who had urged the place as an American stronghold of the Pacific. He had also advocated a \$40,000,000 supply and repair base at San Francisco.

K. C. to Open New School for Soldiers

In preparation for the opening next Monday night of the vocational building of the Knights of Columbus free school for former service men at St. Mary's college, contractors are rushing work. The building will accommodate several hundred soldier and sailor students enrolled in the classes in automobile mechanics, mechanical drawing and radio telegraphy.

Reports received today by Albert

G. Bagley, director of western department war activities, Knights of Columbus, show that the Oakland school of the Knights is setting a record for the Pacific coast in attendance and interest.

Mills French Club To Aid College Fund

The French club at Mills College is accepting place with the sponsors of the \$2,000,000 endowment fund that is now being raised by alumnae and friends of the college. The Sophomore Dramatic society has announced three one-act plays to be given for the benefit of the college April 9 and 10, and now the French club comes forward with two plays for Friday, March 28.

The first of the French plays is a three-act comedy, "Le Filibustier," by Jean Richepin; the other is a one-act skit, "Pourquoi Chercher si loin," by Camille A. Traversi. The Sophomore Dramatic society is producing "A Minuet," by Louis Parker; Hyacinth Halvey, by Lady Gregory, and "Helen's Husband," by Philip Moeller.

Legion Is Year Old; To Observe Birthday

The American Legion is a year old today. Members of all posts of the legion in the Eastbay cities will join tonight in the with Oakland post tonight in a celebration of the anniversary of the organization meeting of the Legion in Paris last year. Men of Oakland post who were present at the first meeting of the cause which formed the American Legion a year ago will speak.

The anniversary observation is to take place at the regular meeting of the Oakland post in the Municipal auditorium.

One meeting tonight will be devoted chiefly to consideration of the present form of war risk insurance under the Sweet bill, recently passed as the result of efforts of the American Legion. In order that information on the question may be as widespread as possible, officials of the post have thrown the meeting open to all former service men and women, whether members of the American Legion or not. The speaker of the evening will be C. W. Helser, vice president of the West Coast Life Insurance company, who will explain the benefits of the present form of insurance for former service men and women.

TRUCKING FRANCHISE ASKED

The Bay Cities Transportation company has applied to the railroad commission for authority to operate a motor truck service between Oakland, Hayward, San Leandro and San Lorenzo and between Oakland, Richmond, Stockton, Fullerton, El Cerrito and Albany. The company also asks for authority to operate a similar service between Alviso and San Jose, Niles, Palo Alto and other points in Santa Clara and Alameda counties.

WAS BADLY RUN DOWN FROM PNEUMONIA

Mrs. Washburn Quickly Regained Her Strength and Flesh.

"I had gripe, followed by pneumonia. It left me with a terrible weakness in my chest, constant pain in my throat and so weak and nervous I could neither eat nor sleep. I had a chill every morning."

"One day a young man told me how Milk Emulsion had got him out of bed and built him up after he had been reduced to a skeleton and given up by the doctors. So I tried it. I have gained in strength, appetite and flesh, sleep better than I have for years, am doing all my own work again and feel like a new person."

"The beauty about Milk Emulsion is that it doesn't wear out like most things, and is so pleasant to take. It is food as well as a medicine and builds up the blood and tissues. It surely put new blood in my veins and I have the healthiest color I ever had."—Mrs. M. Washburn, 41 Centro, Cal.

It costs nothing to try Milk Emulsion. It will build you up more quickly, more surely than anything else.

Milk Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, promotes appetite and puts the digestive organs to work to assimilate food. Chronic stomach trouble and constipation are usually relieved in one day.

This is the only solid emulsion made, and is so pleasant to take. It is food as well as a medicine and builds up the blood and tissues. It surely put new blood in my veins and I have the healthiest color I ever had."—Mrs. M. Washburn, 41 Centro, Cal.

No matter how severe your case, you are urged to try Milk Emulsion under this guarantee—Take six bottles home with you. If it does not give you relief, and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milk Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.—Advertisement.

GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. Get the relief and help that mustard plasters gave, without the plaster and without the blister.

Mustardole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Gently massage Mustardole in with the finger-tips. See how quickly brings relief—how speedily the pain disappears.

Use Mustardole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten, colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size \$2.50.

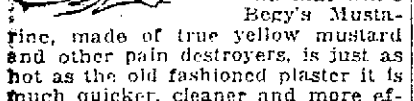

JUST YELLOW MUSTARD FOR BACKACHE, LUMBAGO

Grandmother's old musky mustard plaster or poultice generally brought relief all right even in the severest cases, but it burned and blistered like blazes.

"Heat cases pain" reduces the inflammation and soothes congestion, but you'll find that while Begg's Mustardole, made of true yellow mustard and other pain destroyers, is just as hot as the old fashioned plaster it is much quicker, cleaner and more effective and cannot blister.

It's a great external remedy—just rub it on wherever aches, pains, inflammation, congestion or swelling exists and in a very few minutes the relief you have longed for surely arrives because "Heat cases pain." 20 and 60 cents at druggists or by mail, B. E. Wells & Co., Le Roy, N. Y.

BEGG'S MUSTARDINE IN THE YELLOW BOX

SCIATIC PAINS QUICKLY RELIEVED

Keep Sloan's, the World's Liniment, handy to allay aches

THOUSANDS of men and women, when the least little rheumatic "crick" assails them, have Sloan's Liniment handy to knock it out. Popular a third of a century ago, far more popular today.

That's because it is so wonderfully helpful in relieving all external aches and pains—sciatica, lumbago, neuralgia, overstrained muscles, stiff joints, weather exposure, rheumatism. A little is all that is necessary for it soon penetrates without rubbing to the sore spot. Leaves no marks, stained skin, clogged pores. A bottle today is a wise precaution. Keep it handy.

All druggists—25c, 70c, \$1.40.

Sloan's Liniment Keep it handy

REAL DEAFNESS IS OVERCOME

Have Catarrh of Ear even just a little ringing or deafness? Buy your drug and get a bottle of Sloan's Liniment. Add to it a little water and a little sugar. Take a few times a day. It brings quick relief. Head a little sore? Rub a little Sloan's Liniment on it. It brings quick relief. Head a little sore? Rub a little Sloan's Liniment on it. It brings quick relief.

Thorough Organization of Labor, Employers is Urged

BAKERSFIELD, March 16.—The annual address and report of P. H. McCarthy, president of the California State Building Trades council, was the feature of the opening day's session of the organization's twentieth annual convention yesterday. Thorough organization of employers, as well as employees, in the building trades was urged by McCarthy as calculated to bring a maximum benefit to all concerned.

Resolutions introduced were reported to the convention today. This afternoon the 250 visiting delegates were taken on a motor trip through the Kern river oil fields, the Edison orange groves and Kern county poppy fields.

Today's session was largely devoted to preference in the building trades. City Manager F. C. Johnson, secretary of the Chamber of Commerce; Homer C. Katz, secretary of the Commercial club; D. F. Conway, assistant city attorney, and Father Philip C. Sacher.

President McCarthy replied to the welcoming addresses and touched on some of the problems and items of importance to the building trades, including breach of contracts between employers and employees and the Japanese problem.

EMPLOYERS FACE PROBLEMS McCarthy said in his report. At times a slight activity in some department of the building industry and a resultant shortage of labor is sufficient excuse for certain of our members to claim they are entitled to more than their agreed wage, and if their demand for an increase is refused, as it should be, to strike in the name of organized labor. Men who stifle themselves are of little value to organized labor and merit the severest censure.

Many of the employers are face to face with the same problems which confront the wage earners. It is by collective action alone that the honest and conscientious employers can protect themselves against those who are actuated only by self interest.

Let it be announced from the house that this council will not tolerate that sort of thing. McCarthy referred to profiteers as "modern buccaners" who "hypocritically pretending to be actuated by sublime patriotism are draining the country of its life blood."

PUBLIC IS INFORMED Mr. McCarthy continued. When such a manufacturer contemplates a raise in the price of a commodity he sees to it that the public is informed through the newspapers of the prospective increase. Then comes the raise, and the gullible consumers, who have been artfully prepared for it, accept the new price as a matter of course.

Mr. McCarthy gave as an example the rise in the price of sugar from a little more than 4 cents a pound a few years ago to 16 and 17 cents, which he said, was based on a shortage that does not exist. Continuing he said:

"If there are any raw, broken-out places on your skin that burn, itch and agonize, Poslam is the remedy. It cannot harm and enjoy its benefits which are yours so easily. Feel its soothing, healing influence. If you suffer from itching, you should know at once what Poslam can do for you. It is a non-dependable remedy for any eruptions, rashes, hives, eczema, scalp-itch, Poslam is quality-healing power, concentrated."

RECORD IN WAR WINS PROBATION FOR BURGLAR

Misunderstanding the decision which granted her son probation on a charge of burglary, Mrs. Mary J. Johnson, mother of James J. Johnson, war hero who lost an eye in France, became so hysterical in the court room that she had to be led away and cared for. A plea on the behalf of Johnson by Attorney Frank W. Hooper brought out the facts of the war record and that the young man was supporting his mother. Judge Quinn noted that the man had a past record for minor offenses and said that in this case it was only the war record that won for him the right for another chance. Johnson was arrested in January for trying to gain entrance to a shoe repairing shop following a New Year's celebration in which he had indulged in too much liquor.

Johnson, war hero who lost an eye in France, became so hysterical in the court room that she had to be led away and cared for. A plea on the behalf of Johnson by Attorney Frank W. Hooper brought out the facts of the war record and that the young man was supporting his mother. Judge Quinn noted that the man had a past record for minor offenses and said that in this case it was only the war record that won for him the right for another chance. Johnson was arrested in January for trying to gain entrance to a shoe repairing shop following a New Year's celebration in which he had indulged in too much liquor.

PROVIDENCE, R. I., March 16.—The executive committee for the department of Rhode Island for the department of Rhode Island voted last night against asking Congress for a money bonus for former service men.

RECORD IN WAR WINS PROBATION FOR BURGLAR

Misunderstanding the decision which granted her son probation on a charge of burglary, Mrs. Mary J. Johnson, mother of James J. Johnson, war hero who lost an eye in France, became so hysterical in the court room that she had to be led away and cared for. A plea on the behalf of Johnson by Attorney Frank W. Hooper brought out the facts of the war record and that the young man was supporting his mother. Judge Quinn noted that the man had a past record for minor offenses and said that in this case it was only the war record that won for him the right for another chance. Johnson was arrested in January for trying to gain entrance to a shoe repairing shop following a New Year's celebration in which he had indulged in too much liquor.

SACRAMENTO C. OF C. SACRAMENTO, March 16.—The Sacramento Chamber of Commerce and Merchants' Association, in a meeting last night, launched a campaign for a city manager form of government here.

AUTOISTS DESERTS ACCIDENT VICTIM

An unidentified motorist yesterday ran down and severely injured George Southberg, 2831 Union street, a deaf and dumb man, and then left him prostrate in the street. The motorist hit the deaf mute at Twenty-sixth and Peralta street. The car, which was traveling swiftly, struck the man a glancing blow with a fender, and then sped away and left Southberg unconscious in the street. Pedestrians took the number of the car and today the police are searching for it.

I. W. W. TRIAL POSTPONED. PORTLAND, Ore., March 16.—The trial of twenty-six alleged I. W. Ws., charged with criminal syndicalism, scheduled to open here today, has been postponed until March 18, on motion of Defense Attorney George F. Vanderveer, who recently appeared in the Centralia murder trial.

MUSIC IN HONOR OF ST. PATRICK

In honor of St. Patrick's day, special services will be held tomorrow at St. Mary's Church, Eighth and Jefferson streets. In the morning there will be three masses, viz: at 7, 9 and 10 o'clock. The last service will be a high mass, with music by the Saint Mary's Conservatory choir, under the leadership of Prof. Norman E. Wilkie and Mrs. Florence Gregory. At this mass, the children's choir will sing two hymns in honor of the Patron of the day.

Pangevangelium of Saint Patrick will be preached at this service by the Rev. James J. O'Reilly, lately appointed as assistant rector of Saint Mary's Church. In the evening there will be special Lenten services, commencing at 8 o'clock, consisting of devotion, sermon, by Rev. Leonard J. Maddock, of Mission San Jose, and benediction.

CHICAGO PAYS \$400,000.00.
CHICAGO, March 16.—Income tax returns calling for payment of more than \$400,000,000 were filed in Chicago by 275,000 persons.

Harry W. Mager, collector of internal revenue, estimated today. A tiny red seaweed gives the red-dish tinge to the Red Sea.

Stuart Street Home Entered by Burglars

Property and currency valued at \$500 were stolen last night by burglars who entered the home of F. O. Lund, 3028 Stuart street. Entrance was gained by cutting through a window. A large quantity of jewelry and silverware, and \$50 in currency composed the loot secured by the marauders.

The police also have received a report that the Garfield school was entered last night by thieves and all of the electric light globes and valuable fixtures were taken. It is presumed the theft was committed by a gang of youthful criminals.

Mazaryk Can Hold Presidency for Life

WASHINGTON, March 16.—Dr. Thomas G. Mazaryk, first president of the Republic of Czech-Slovakia, will be permitted to continue in office for life, according to the provisions of the national constitution, recently adopted at Prague. Provisions of the new constitution made public today by the State Department, limit the terms of all future presidents to two successive terms of seven years each.

28 Rescued in Gale Taken to Boston

BY INTERNATIONAL NEWS SERVICE.
LEASER WIRE TO TRIBUNE.
BOSTON, March 16.—Rescued under thrilling conditions sixty-six miles southeast of Cape Fear, Captain and Mrs. William Mann and twenty-six officers and crew of the Chilean steamship Youngal, New York for Havana, were brought here today by the United Fruit steamer Fort Linnon. The rescue was effected in a howling gale when the Youngal, sinking rapidly, was listed at an angle of thirty degrees with her decks awash.

Newberry Trial Judge Fixes Expense Limit

GRAND RAPIDS, Mich., March 16.—Defense attorneys in the Newberry trial expected to occupy the entire day in presenting arguments to the jury in behalf of Senator Truman H. Newberry and eighty-four of his associates on trial on election fraud charges. Judge Clarence W. Sessions yesterday announced he would instruct the jury that if Senator Newberry "participated actively in anything" that caused expenditure of a sum in excess of \$3750, allowed by the Michigan statutes, it should be held as a violation of the law.

Reds Seek to Induce Rebellion in Sonora

AUGUA PRIETA, Sonora, March 16.—Large quantities of Communist literature encouraging a rebellion by the Society of Mexican Freemen have been discovered by Mexican secret agents in this state. The propaganda was in possession of communists who came here from Mexico City. Two foreigners were arrested.

\$6,500,000 in Gold Sent to Argentina

NEW YORK, March 16.—Gold coin valued at \$6,500,000 was withdrawn from the sub-treasury today for shipment to Argentina. Yesterday \$1,700,000 was withdrawn for the same purpose. An additional \$845,000 in gold was withdrawn from the sub-treasury later, making a total of \$9,135,000 engaged this week for shipment to South America.

No Waste Motion Here

The packing business is noted for the elimination of waste in manufacturing.

Swift & Company is equally effective in saving waste in the distribution of products.

From ranch or farm to your meat dealer there is no loss of time, money, material, or motion.

Four hundred branch sales houses in large cities and towns, hundreds of regular refrigerator car routes reaching small towns, all directed by wire from a central point, bring meat products from our packing plants located in producing areas, to retailers in all parts of the country in the best possible condition, in the least possible time, at the least possible cost, and over the most direct route.

The total expense, for manufacture, freight, and selling direct to the retailer, is less than three cents per pound on all meat sold.

Our profit from all sources is only a fraction of a cent per pound.

Competition compels this close-cut saving. Large volume of business, a well-balanced, nation-wide organization, and expert attention to details, by men who know, make it possible.

We are in your service—at least expense and profit.

Send for our 1939 Year Book and get the facts about our business. Address: Swift & Company, Union Stock Yards, Chicago, Illinois.

STATEWIDE TRUST SERVICE

"In Her Own Right"

It would be a fine thing, would it not, to put your wife in possession of an income in her own right?

An income all hers; funds for personal expenses coming regularly without calling on you; an "allowance" paid periodically by check of this Bank, conferred absolutely upon her, always assured, no matter what reverses overtake you.

Such a thing is quite possible, even to the man of moderate means. It is no drawback if you cannot set aside now the principle necessary to the accomplishment of this object.

The "Bank of Italy Trust Plan" is one by which you can capitalize part of your income for this or any other purpose. You can accomplish by degrees what most men fail to accomplish, because they think a trust fund must be endowed all at once.

This plan is full of interest for the busy man of affairs. It is a simple matter to have its wealth of opportunities explained to you. Ask for Booklet "The Bank of Italy Trust Plan" for Creating and Enlarging an Estate.

GIRL SLAYER CLEW LACKING; POLICE BAFFLED

SLEUTHS WORKING ON BELIEF ULLA CARLSON WAS SLAIN BY MANIAC

Continued investigation today of the brutal murder in Piedmont of Miss Ulla Carlson, maid in the household of Willard Brown, of Ashmont avenue, developed several clues but none of them by late afternoon had led to a direct trace of the girl's slayer. Out of it grew as well a number of mysteries, each of which the police must run to earth.

The chief search was directed toward the identification and discovery of two Greeks with whom Miss Carlson recently had been in company. They are suspected not only of the police but by Charles Nelson, of 1026 Eighth avenue, who had expected to make Miss Carlson his wife and whose attentions she had encouraged.

Today Nelson gave up his work for the time being and set himself to capture the slayer of his sweetheart. Nelson had already been questioned by the Piedmont detectives. He quickly proved that he was far from the scene of the crime when it was committed. No warning of the terrible tragedy which had entered his life preceded his finding its account in the papers.

DEATH NOT ESTABLISHED
Though Ulla Carlson turned back toward her home from the street car to which she had seen her chum, Marie Carlson of Berkeley, at 10:38 o'clock Sunday night, it was today established on the testimony of several physicians and the Piedmont detectives who located her body that her death did not occur before 4 o'clock the following morning.

Whether through the intervening hours she lay suffering in the woody lot where she was found until finally life ebbed away, or was carried away from the place in a machine and brought back there to die, another point the authorities were seeking to clear up today.

The inquest is to be held tomorrow. It was about quarter after 10 o'clock Sunday night that the two Carlson girls, devoted friends, but not known to each other, were walking home. At about this time

residents in the neighborhood heard a girl scream.

GIRL DEAD SIX HOURS
At 2 o'clock in the morning the cook in the Brown residence was awakened by the light still burning in Ulla's room. Discovering the girl still missing, she reported that fact to the Browns, who at once informed the police. A search of the Eastbay cities continued throughout the night. A little after 6 o'clock the next morning the girl's body was seen by Andrew Dalziel, a plumbing supply dealer. Indirectly he reported it to the police, who reached the spot where her body lay at a little before 7 o'clock.

Physicians at the autopsy stated that they were positive that the girl had not been dead more than six hours at the time the autopsy was performed at the morgue, which was at 10:30.

Which the body was first seen by Desk Sergeant P. J. Brady of the Piedmont police it was so warm that the officer thought that there was a possibility that life was not yet extinct.

He immediately sent for Dr. Arthur Ebbush, who had an office in the vicinity. He arrived a few minutes past seven and after examining the body said that the girl had not been dead more than three hours. No definite theory has been evolved by the authorities working on the case that will plausibly explain what occurred in the interim between the hours of 10:38 and the time she was murdered.

OFFICERS PASS BODY
Brady stated this morning that he and Special Officer Henry Gordon had passed the place where the body was found several times during the night while he was searching for the girl, and that he was positive the body was not there when he last passed the spot, which was between 3:15 and 3:30 in the morning. He stated that it was fairly light and that he scrutinized the lonely spot closely, and that had the grass been trampled down as it was when the body was found, he would have observed it.

Other persons have been interviewed by the police who passed the place between the hours of 11 at night and 1:30 in the morning. A tentative theory advanced by the police is that the girl was taken in an automobile, and that it was at this time that the piercing scream

was heard by Priscilla Wheeler, who lives in the neighborhood.

The police say that the weak spot in the theory that the girl had been taken in an automobile was the fact that she had been brought back to

GIRL FEARED DARKNESS
That the darkness which hid the girl's assailant was held in mortal terror by the slain girl is the story told today by teachers and pupils of the Burbank Evening School in Berkeley, where Miss Carlson was a pupil until recently.

So afraid was the girl of the dark and of being forced to return to her home alone after her studies were over that teacher and fellow pupils at the school often accompanied her. On other occasions when she was alone at home after school hours, she would call on her friends and remain at their homes until the darkness of night had passed.

A pupil in the classes of Miss Zona Williams and Miss Sue Ipin, both Americanization teachers at the Burbank School, Miss Carlson's beauty and retiring manner won her immediate friendship among teachers and pupils alike. Her inability to speak English caused the girl much embarrassment and at social gatherings at the school she clung to her teachers rather than make new friends until better able to master the tongue of her adopted country.

BECAME FRIENDS AT SCHOOL
Miss Carlson became a pupil at the Burbank school immediately after her arrival in Berkeley from Sweden and remained there until a short time ago when her position at the Brown home in Piedmont made the trip a long one and she transferred to Technical High School. It was at Burbank School that the slain girl met Marie Carlson, the girl who saw her last as she waved goodbye Sunday night as the latter boarded a car for Piedmont after visiting Miss Carlson at the Brown home.

On the way to the car Marie Carlson declares that Ulla covered her face with her hands and wept, and that she was so frightened that she could not speak. Although her friend knew full well what terrors the dark night held for her.

\$75,000 IN TAX**

NEW YORK, March 16.—Weary, harassed government clerks began today to dig themselves out of the avalanche which descended upon them, making income tax returns and initial payments here.

Millions of scrubwomen, and opera stars and newsmen combined to make the night a weary one for the collectors. Some of the nation's biggest financiers paid theirs in person—including Percy Rockefeller, Thomas W. Lamont, Charles H. Sabin and others.

John McCormack, the tenor, parted with \$125,000—thus beating Enrico Caruso, whose assessment was somewhat less.

"It's a penalty for singing so much," said McCormack with a sigh.

Gall Curci paid "about" \$75,000. Mme. Tetrazzini paid over \$4000 for the first quarter. The smallest check received was for one cent; the largest for \$3,000,000. Checks for more than \$1,000,000 from corporations were common. A messenger boy paid \$5500 and a telephone girl \$7500.

The last photograph which was taken of MISS ULLA CARLSON, victim of a stranger in Piedmont, is shown at the left. It was photographed less than a week ago. Next is CHARLES NELSON, the man who had hoped to make her his wife, while to the right is MISS MARIE CARLSON of Berkeley, her closest friend and the last person except her slayer to have seen her alive. The artist has sketched the surroundings of the crime, showing the route the girl took with her chum from the Brown residence to the car and the brief retracing of her steps alone to the point where she was killed.

A place near where she was first attacked.

SWEETHEART TO AVENGE
With his little motherless golden-haired daughter sitting on his knee, Charles Nelson, aged 25, of 1026 Eighth avenue, swore today to avenge the murder of his sweetheart, Nelson, who is a ship caulker, surrendered himself to the police last night. Immediately he learned of Miss Carlson's death. Nelson was released when he established the alibi that on Sunday night he attended a christening in Alameda where fourteen of his friends were present. Between 10 and 12 o'clock that night, during which hours the crime was committed, Nelson was at the home of Hugo Olsen at 2019 Eagle avenue, Alameda.

Nelson this morning began his search for two men whom he believes he can locate through Miss Marie Carlson and who he thinks can throw some light on the murder.

"I was out with her in an automobile just the night before she was murdered and she was so happy," exclaimed Nelson. "She laughed and talked and she was so beautiful. I took her for a little ride, out to Fifty-fifth avenue and although when I met her at the place where she works she was crying because her mother in Sweden was ill. When she was with me she forgot it and laughed at everything."

PREPARED FOR CALL
"Yesterday afternoon I came home about 4 o'clock and went to my room to shave because I was going to take her to Technical High school Monday night. When Mrs. Peterson, in whose house I am staying here, showed me the newspaper that said she had been killed I rushed off to the police station without saying a word to anyone."

"She was a fine respectable girl but she was very innocent and she did not understand that some of the men she met at the dances at Jenny Lind hall could not be trusted."

Nelson or Karl H. E. Nelson, as he was called in the old country, came to America in 1911 from Sweden. He was married in 1916 and his wife died about a year ago, leaving him a little girl, now 5 years of age. He has been employed by Rhodes, Jamieson & Co., Broadway, and Water streets.

He met Miss Carlson two months ago at a dance in Jenny Lind hall and on the following Wednesday saw her on the car going to Technical high school. Since that time he has gone with her frequently. He saw her the night before she was killed and made a date to take her to school on the following Monday.

Scientific Wrinkle Remover Easily Made

A few dermatologists long have held the secret that a certain product known to the drug trade as salixite, had the property when used in solution of almost instantly reducing wrinkles and furrows. Anyone can readily make this same solution by dissolving an ounce of powdered salixite in a half-pint of witch hazel. Rub the face in this—and note the quick transformation! The skin tightens, becomes firmer—deepest wrinkles and crow's-feet at once begin to smoothen out. This action will of course also reduce hanging cheeks or double chin.

When the hands show signs of aging, the skin becoming coarse, creased or flabby, bathe them in the solution. Simultaneous publication of this formula men and women all over the country have taken advantage of the information, according to reports with most satisfactory results.—Advertisement.

CHEER-UP COLUMN

I do not believe in "managing husbands". If a man is worth marrying, he's worth giving a free hand while he plays the game.

By ELSIE ROBINSON

Dear, dear World! Look your last on Elsie. Here's where the Ancient and Dependable Order of Feminites gives me the bounce and I do the long Fade-out. For I am about to kick over the constitution. I DO NOT BELIEVE IN "MANAGING HUSBANDS". In the first place I think that any man that can really be "managed" isn't worth grinding up into breakfast food. Secondly the results gotten by said management aren't worth the trouble. It's like shooting clay pigeons. Or cheating at solitaire. Or making a special wardrobe out of a lot of backward results and no inward kick.

If I want to MAKE a man give me results I hire him and pay him union wages. But then it comes to a Pal—that's different. I like to feel that what he gives is a free will gift. And thirdly—I don't believe it can be done anyway—not with a MAN. You may kid yourself into thinking you're doing it but he's evening up the score somewhere else and you're the loser every time.

This managing stunt is secretly conceded to be the Big Hunch for a Successful Womanly Life. The fifth grade knows all about it—Patch her "Clinging Vine" in her "coming out" of the game. You may think she's a helpless innocent with a custard mind but as a matter of fact she has more complicated and detailed psychological knowledge of how, when and why to boss a man than any game law chart you ever saw. And every married woman—well, you know, World!

There's nothing nicer than being married. Life's pretty much of a dead sea without a Steady Pal—everything going around and never getting anywhere. But this scheming and manipulating and teasing and hinting and nagging and respectable partnership. If a man is worth giving up to he's worth giving a free hand while he plays the game. But if marriage is simply a way of getting your living by bossing a Boredom Bunch of Beef—me for herding cattle. You can at least kick cattle when they break the herd laws—just you're not allowed that satisfaction with a "husband you can manage."

Whoops! I'll bet I've written a Plenty for once!

(Continued from Yesterday)

The Way Madge's Partner Managed to Place the Evening's Peace in Danger. In the comment Alice Holcombe had made to me concerning Mrs. Stockbridge's sanity, for the doorbell pealed again, this time in reality heralding the arrival of "the Bishop" with their friends, "the Bishops." Both were typical suburban couples, the husbands evidently prosperous business men, the wives slender, middle-aged women with a sort of reserved prettiness which they evidently spent much time in protecting.

Mrs. Stockbridge hastened forward to greet them, her husband reappeared from his self-imposed banishment, and all six went upstairs to the rooms where the wraps were laid. Alice Holcombe turned to me, a mocking little smile on her lips. "There are only left to appear the cavaliers Milly has selected for Bess and me," she said. "They're worth a careful inspection. Bess draws the village medico, a bachelor, who somehow didn't get to the war, and divides his time when with Bess between teaching and hoping that she will believe him. Mine, a widower of substance, is frankly afraid of my aging charms, and shies palpably whenever he sees me. But Milly has made up her mind that he would be a nice prop for my declining years, so she religiously pairs us off whenever she has a party."

MADGE LOOKS AROUND. Her voice, despite its mockery, held a tinge of bitterness, which I understood, when later I was introduced to the pompous man whom Mrs. Stockbridge had impudently assigned to Alice Holcombe, by far the cleverest woman in the room. His name, as I caught it, was Don Kern, and I could not help the thought that if the twenty-fifth letter of the alphabet had been substituted for the last two of his name it would have suited him far better. A more self-satisfied, assertive man I have seldom met, and I could see that beneath the mocking mask behind which Alice Holcombe hides all feeling, she was annoyed and humiliated at the patent fear of being inveigled into matrimony which the widower betrayed when he was with her. A dozen times during the evening I heard him refer to his "dear departed wife," as if he were

invoking a protecting angel, and I also heard him make the assertion at least twice that "second marriages were most unwise."

BESS DEAN "WARNED."

Despite this superficial note the dinner really went off very well. Alice Holcombe is an unusually witty woman, Dicky and Bess Dean are both to be depended on to make a dinner conversation sprightly, while Kenneth Stockbridge, whose spirits seemed to rise with his wife's absorption in Dicky's nonsense, kept the management of the conversation unobtrusively but firmly in his own hands, throwing out little side remarks that managed to include the rest of us "listeners," and keep the affair a general discussion of a series of monologues and dialogues as so many dinner conversations are apt to be.

If the dinner could only have ended the evening! But unfortunately a large number of guests had been invited to the reception following, and, of course, Dicky, the lion of the evening, could not be kept dancing attendance upon his hostess, palpable as was her attempt to keep him in just that position. Bess Dean, a flame of color in her gown of scarlet chiffon, with a single emerald carnation of the same shade stuck carelessly but most effectively in her wonderful brown hair, made a second determined effort to secure Bess's exclusive attention, but Alice Holcombe unobtrusively summoned her to one side, and I saw by the younger girl's face that the older woman was laying down the law in militant fashion.

"What's the real answer?" Miss Dean drawled a bit unpleasantly. Her voice, though low, reached me distinctly, as I had a shrewd suspicion she meant it to. "Friend Husband to be tagged 'Hands Off'?" Why didn't you warn me before?"

I found it hard to keep my facial muscles under control upon hearing the catty little speech, but I think the wary widower to whom I was talking had no suspicion of my emotion. Instead, though I was giving most flattering attention to the solemn philosophy of life which he was expounding to me, but I strained my ears for Alice Holcombe's answer.

"You know better, Bess Dean," was the low, indignant reply. "Now you come here and listen to me."

The two moved to an alcove and the rest of their conversation was inaudible. But Bess Dean kept away from Dicky's vicinity the rest of the evening.

Milly Stockbridge, however, waxed sulky when the demands upon Dicky's attention left her without his stimulating nonsense. I suspect also that Dicky had tired of the quasi-Metallist investment which she had managed to give to their

RECIPES

by DELMONICO'S CHEF

Bearnaise Sauce

Put into a saucepan one gill of vinegar with two ounces of butter, chopped shallots, also a few tarragon leaves. Cover the saucepan with its lid and reduce the liquid almost completely. Then take it from the fire. Let the vinegar get slightly cold, and afterward mix in with it four raw egg yolks. Season with salt and mignonette, and return it to a slow fire. Incorporate into it slowly three ounces of clarified butter, stirring it continually in the meanwhile with a small whip. Now strain it through a sieve, whip it well, and mix with it a teaspoonful of chopped tarragon and some chopped parsley. Add to it a little "Glacé de Viande" or beef juice reduction. This sauce should have the consistency of a mayonnaise sauce, and can be made the same as above with half butter and half olive oil.

KITCHEN ECONOMIES

FOR KITCHEN EFFICIENCY.

Arrange your kitchen equipment so that it will give you the most help and take the least work. Choose things easy to clean and care for. Try to locate the stove, sink, work table, and refrigerator in the most convenient places. Small ones may be hung on little hooks fastened to the wall or the edge of a shelf. Group them near the place in which they are most used, and put those used together near each other. Get rid of useless things.

HIGH SCHOOL UNION MOVE INAUGURATED

Provision for the commencement of proceedings for the annexation of the San Leandro and Emeryville elementary school districts to the Oakland high school district was made by the school board at a meeting last night, when approval was voted of the action of the committee of the whole of the board in adopting resolutions petitioning the board of supervisors to initiate the annexation proceedings.

The petition will be laid before the board of supervisors at once, according to Superintendent of Schools Fred H. Smith, with the result that the issue will be threshed out at a future hearing, when the two districts affected will be given an opportunity of presenting their views.

TRANSFER KILLING GIVEN

An opinion was received last night by the board from District Attorney Ezra Decoto declaring that the power to transfer pupils in Oakland schools during epidemics from one district to another lies with the state board of health. The opinion will be transmitted to Attorney Charles Quigley, who represented a delegation of citizens that appeared recently before the board protesting against the ruling against the transferring of students during epidemics.

The delegation representing the community associations of the Rockridge, Peralta and Claremont districts appeared before the board with a request for information on the department of building funds to those districts in the approaching building program campaign. The committee, whose statements indicated a discussion in the district over the department of building funds, was referred to the building program committee of the board for a conference on the question.

STREET ORDERED CLOSED
Following a recommendation by Marston Campbell, chief of construction at the head of the building program organization, the board last night called upon the city council to take action to close Galindo street from Thirty-fifth street to Sausal creek, in order that the land involved may be purchased for a school site.

Confusion surrounding the questioned legality of the special meeting of the board two weeks ago, when a hearing was held on charges against the three department foremen for accepting vacation pay while on a per diem salary basis, was cleared last night when the board met in conference and the board meeting took the necessary action to amend the minutes and legalize the meeting.

A resolution was then adopted extending the time for the return of the petition filed in the vacation period controversy to April 1, in order to allow time for an opinion from the district attorney on the legality of the issue.

Petition Will Close Exposition Business

SAN FRANCISCO, March 16.—With the filing of a petition some time this week asking for the dissolution of the Exposition Corporation, the last business affairs of the great fair will be wound up. The total assets of the corporation have been declared as \$1,500,000, of which \$750,000 is real estate holdings. In the agreement five-eighths of this amount is to be turned over to the state as reimbursement for the \$1,250,000 paid out of the \$1,250,000 put up by stockholders, 65 per cent has been turned over for the beautification of San Francisco parks.

ACCEPTS CHICAGO JOB

Elbert S. Wade of the Oakland Young Men's Christian Association has been invited to join the staff of the Young Men's Christian Association College in Chicago, as registrar and instructor in accountancy and business practice. Wade will leave for Chicago tomorrow.

ASK THE TRIBUNE Questions and Answers

Questions pertaining to the application of the law to specific cases, such as collection of damages, divorce contests and property rights, will not be answered in these columns.—Editor.

Editor The TRIBUNE: Kindly give me information concerning the application for a patent in writing to the Commissioner of Patents, with such a description of the article that a good workman or skilled mechanic could construct same from description and drawings. You must point out expressly the part which you claim as your invention or discovery. Drawings, signed by the inventor or his attorney in fact, must be submitted where the matter is a subject that can be drawn. You must swear that you are the original and first inventor of the object, that it has never been patented in a foreign State, or in foreign countries or if it has been patented in a foreign State, name the countries. If evidence justifies, the Commissioner of Patents will issue a patent on the payment of a fee amounting to about \$55. The World Almanac has additional information on this subject.

Editor The TRIBUNE: Would you kindly let me know if it is possible for me to obtain a duplicate copy of my army discharge paper, and if so, to whom I must apply?—J. E. G.

You may go to nearest army post or take matter up directly with adjutant-general's office in Washington. Provision has been made for the furnishing of duplicate copies in case the original has been destroyed or lost.

Editor The TRIBUNE: A working man is hurt on the job. He receives \$44 a week. What would be his allowance under the state compensation law?

The Industrial Accident Commission in San Francisco says that the maximum compensation is \$20.83 a week irrespective of the wage. Further information can be obtained by telephoning Sutter 3140 or calling at the offices at 525 Market street.

Editor The TRIBUNE: Is there a premium on pictures of Queen Victoria? If so, what pictures and how much?—M. F.

A. Carnegie Ross, British consul-general, said when asked this question: "I should not imagine that there would be any premium on pictures of Queen Victoria. I should think pictures of the reigning sovereign would be more popular."

Editor The TRIBUNE: What is the name of the Mystic Shrine lodge in Los Angeles?—M. J. P.

The Los Angeles Shrine lodge is called Al Malakiah.

Editor The TRIBUNE: Please tell me if Ohio is granting a bonus to its ex-service men. If so, where would one write to find out the particulars?—A. SUBSCRIBER.

Write to the Secretary of State of Ohio or to the American Legion Weekly, Washington, D. C. Ohio has a bonus.

Editor The TRIBUNE: Would you please tell me a few names of studios in New York and Los Angeles which buy synopses of scenarios?

Address the following companies, scenario department, at Los Angeles: Famous Players-Lasky Corporation, 1520 Vine street; William Fox Film Corporation, 1417 North Western avenue; Frank Keenan Productions, Inc., 5241 Melrose avenue; Metro Pictures Corporation, Romanay and Chippendale streets; Metro-National Productions, 642 Santa Monica Blvd.; Charles R. Productions, 1422 Fleming street; Andrew J. Callaghan Production, 6542 Santa Monica Blvd. Also the following: Universal Film Manufacturing Company, Universal City, Cal.; Thos. H. Ince Studios, Culver City, Cal.; American Film Corporation, Santa Barbara, Cal.; Viagran Studios, East Fifteenth street, Placerville, Long Island, New York; Norma Studios, East Fifteenth street, Placerville, Long Island, New York; Parker Read Jr. Productions, Culver City, Cal.; Realart Pictures Corporation, 469 Fifth avenue, New York; Pathe Exchange, 25 West Forty-fifth street, New York.

Editor The TRIBUNE: Where can I get information on salaries paid teachers in Honolulu, length of contracts, etc.? A. Subscriber.

Write Board of Education at Honolulu, H. T. Get the annual report of the Superintendent of Honolulu schools at a public library.

Editor The TRIBUNE: If a husband secures an interlocutory decree of divorce may the wife go to Nevada and marry? A. Subscriber.

No. You cannot remarry until the final decree is granted a year later. Such a marriage would be illegal in any state.

Editor The TRIBUNE: How much is a gold dollar of 1853 worth to a collector of coins?

The value of a gold dollar of 1853 is to be determined in a magazine devoted to coin collection or by applying to firms that advertise for such coins.

Editor The TRIBUNE: If two sisters own a piece of property and one wants to sell to the other, should a new deed be made out or just have the last papers made out in one name? A. Subscriber.

You must have a deed made out. The transaction you suggest might cloud the title unless a new deed were drawn.

Editor The TRIBUNE: Is San Pablo avenue the longest street in the world? San Pablo avenue is not the longest street in the world. Halstead street in Chicago is said to be the longest.

Editor The TRIBUNE: Is there a national vigilance committee of the Associated Advertising Club of the World in Oakland or San Francisco? Drop a line to the Oakland Advertising Club, Oakland Hotel.

Editor The TRIBUNE: I have a song poem and am unable to have music set to poem at present? Can I protect it by copyright now and later protect it as a song? You can. Copyright information is contained in the World Almanac which you can see at any public library.

Editor The TRIBUNE: How can you remove ink from paper so that writing under the surface will not be blurred? M. G.

There is standard chemical ink removers which will do this. They can be obtained at any stationery store.

Editor The TRIBUNE: How can I get to Joaquin Miller's old home? Subscriber.

Take Diamond or 4th avenue car.

France has made training compulsory in all shops.

SHORTAGE OF TEACHERS IS FEARED HERE

The serious situation confronting the country in the increasing scarcity of school teachers, and the difficulty in securing teachers at the present salaries paid, was brought before the Board of Education last night in a report from Assistant Superintendent of Schools E. Morris Cox of information he secured at the recent convention of the Department of Superintendence of the National Education Association in Cleveland.

In submitting his report Cox suggested that the schools of California engage in a campaign in behalf of teachers in view of the threatening condition caused by the scarcity of instructors, which has already resulted, he declared, in one million children in this country being without school facilities and fifteen million more taught by instructors with less than a high school education.

There are several counties in Texas, Cox reported, where three-fourths of the schools in the county are closed because of lack of teachers, while Indiana lost 3500 teachers last year and faces 3500 additional registrations this year. New York City lost 993 teachers during the past year and 1000 rural schools of Kentucky are closed, while scores of farmers and their families are moving into the cities to secure education for their children.

In addition to this condition, Cox reported, schools all over the country are facing appalling shortages in supplies and will not be able to secure the necessary equipment in the future even though they should be able to pay four times the amount of money spent for supplies before the war.

Although California has outstripped other states in the matter of the high school development, according to Cox, the state has been distanced by eastern states in the development of junior high schools, regardless of the fact that the junior high school idea was developed in California.

League to Hear Talk On How to Buy Meat

Members of the Alameda Housewives' league will be shown, on Thursday afternoon, at 2 o'clock, in the high school auditorium, when C. W. Schmidt speaks before them, how to choose the inexpensive cuts of meat as a step toward reducing the high cost of living. A side of beef will be used in the demonstration. Schmidt has given similar lectures at the Davis Farm and before other bodies of specialists.

Students in all of the domestic science classes in Alameda schools have been invited to attend. Women interested in learning how to purchase cheap cuts are also urged to be present.

Mrs. May Larkin Marston, president of the Alameda organization, will preside as chairman.

Escaping Gas Nearly Costs Man His Life

A midnight cup of coffee nearly cost John P. Portugal, 80 years old, his life last night, and, for the prompt response of the police ambulance to the emergency call saved the aged man.

Portugal, who lives at 1524 Thirty-fourth street, was alone in the house, his wife dead and his sons and daughters having left home long since. Late last night he arose from bed to make a cup of coffee on a gas stove.

When the coffee was made he failed to turn off the gas properly, and was discovered by neighbors early this morning in a partially asphyxiated condition.

The old man was removed to the Emergency hospital, where it is said he will recover.

TUITION FEES ARE OPPOSED BY BARROWS

BERKELEY, March 16.—Tuition will not be charged for University of California classes, save in a case of dire emergency, according to a statement made by President David P. Barrows of the university today. Although the unexpected increase in the number of students attending the university has caused "growing pains," President Barrows does not believe that "the regents, or the people of the state favor the payment of tuition fees, because for fifty years they have been proud of the manner in which the university courses have been placed within the reach of all."

To prepare for any further inconveniences arising from the growth of the University, arrangements have been made by the regents to a budget which will meet any future emergencies. Ten thousand students will be provided for under the budget plan.

Some of the budget appropriation will be used to increase the faculty staff, and to make the teaching positions more attractive. Graduates will be offered positions at the college paying \$1800 per year, in order to encourage them to remain at the university and obtain a doctor's degree before leaving the campus.

Barrows' statement included a computation of the financial reserve of the institution, which he believes will be sufficient to present "a baggy budget" college, or the turning away of students, or insolvency; but in case this fund should be insufficient, a fee might be levied by the regents to weather the emergency. Such an emergency is very unlikely, according to President Barrows.

Drydock Company Is Refused New Trial

A motion for a new trial by the Hamilton Drydock Company, following the verdict of a jury finding D. F. Korkman \$1500 damages on a plea of false arrest, has been denied by Judge E. J. Brown.

Korkman claimed he had been held for some time at the city jail without a charge being placed against him and that when he insisted that he be released or released he was given his liberty. Testimony at the trial showed that Korkman had been employed in one of the departments at the shipyards. D. J. Hamilton, head of the concern, claimed the man had endeavored to foment dissatisfaction and strife. He also declared that in causing Korkman's arrest he acted in his individual and not in his corporation capacity.

Man, Failing to Pay Back Alimony, Jailed

Superior Judge T. W. Harris has sent to jail for three days, Frederick H. Tyne, who was adjudged in contempt of court for failing to obey an order of court to pay up his back alimony, amounting to about \$100.

Judge Harris issued a bench warrant for Tyne's arrest several days ago. When he was brought into court he was found to be in possession of a pay check for \$24, which he turned over to his wife at the court's direction. The divorce action against Tyne, brought by Mrs. Mary E. Tyne, is pending. Tyne resided until now, at the Hotel Gladstone, corner of Eighth and Broadway.

PENNINGTON, ARTIST, DIES

BALTIMORE, Md., March 16.—Harper Pennington, the artist well known in art circles of this country and Europe, died here yesterday.

Autoist Held for Trial On Intoxication Charge; Five Injured by Cars

George J. Dixon, Oakland business man, was held to answer to the Superior court this morning by Police Judge George Samuels on a charge of driving an automobile while drunk, and bail was fixed at \$1000.

Judge Samuels announced in court that violators of traffic laws could expect little leniency in view of the unprecedented number of accidents of late on the Oakland streets, and that the police campaign against reckless and drunken drivers would be rigidly supported by the courts.

Dixon was arrested February 4 by Inspectors George Powers and W. H. Smith on a complaint made by Louis Garfinkle, a merchant at 3671 Telegraph avenue.

A large number of speeding cases were on the police court calendars this morning, but were continued owing to the fact that no complaints had yet been filed.

FINE \$100

Convicted by a jury of speeding away from the Hamilton school on Jones street where he was operating his automobile in a reckless manner, bail was fixed at \$1500.

CHILD KILLED ON STREET

SAN JOSE, March 16.—A game of tag played on the roadway, while returning from the Hamilton school late yesterday afternoon, ended with the death of little 5-year-old Lena Le Barbara under the wheels of an automobile driven by J. A. McAllister, sitting at the wheel of his car, was coming toward them, driving at the rate of twenty-five miles an hour and did not notice the children behind the wagon. Just before he came upon the child, who was running, she darted out directly in front of him. He swerved quickly and almost turned his car over, but was unable to avoid striking the child. She was picked up and rushed to the County hospital, but physicians declared that she was probably killed instantly.

FIVE ARE HURT

C. E. Raine, 66-year-old farmer, and his granddaughter, Kathleen Raine, age 10, residing at 5445 Miles avenue, were injured last night at Thirty-fourth street and East Fourteenth street when their automobile skidded and overturned.

Raine suffered severe bruises on the head and chest, while the girl's face and hands were badly cut and bruised. They were treated at the Emergency hospital.

Thomas Powers, Joseph Corey and Vincent Cramer, all of Irvington, were injured yesterday evening at Fifty-fifth street and East Fourteenth street when Cramer attempted to avoid colliding with another machine and was struck by a San Leandro car. Cramer received a broken arm. Corey a broken collar bone and Powers was cut about the head and shoulders. They were on their way to the Providence hospital at the time of the accident to

Auto Repairer Sues Wealthy Piedmonters

Granville D. Abbott Sr., wealthy Piedmont mining man of 25 Crocker avenue, has been made defendant, with Mrs. Abbott, in a suit brought by Konrad Gobel, automobile repairer, for \$2000 damages.

Gobel claimed to be due on a bill for making over a touring car into a limousine, the entire price of which was \$875. The suit says Abbott refuses to pay the balance, but does not say why. Abbott has offices in the Crocker building, San Francisco.

According to Mrs. Abbott the quality of the workmanship done by Gobel did not justify his charge.

Stetson Will Filed; Widow Gets \$50,000

The will of John W. Stetson, prominent Oakland attorney and political leader who died at his home, 205 Laker avenue, February 23, was admitted to probate by Superior Judge E. C. Robinson today.

All of the property, valued at more than \$50,000, was left to the widow, Mrs. Alice Harlow Stetson. Judge Robinson named Charles P. Cutten as executor, without bond.

Junior Order, U. A. M., Opens State Meeting

Fifty members of the Junior Order of United American Mechanics met this morning at 9 o'clock at Corinthian Hall, Sixteenth and Jefferson streets. In their fifth annual state meeting. A banquet will be held tonight for members and their wives. The state meeting will be concluded tomorrow afternoon with the election of officers. Custer Council, No. 22, of Oakland, is host to delegates from all over the state. A. P. Steitvatner of Oakland was president; Byron McClellan of Burlingame, secretary; and Bruce Huggins, vice-president, at today's session. The meeting was founded in Philadelphia, May 17, for fraternal and patriotic purposes.

More than 35,000,000 rabbits were killed in one year in New South Wales in drives by farmers.
